

SKU: 165 ENT6R

## Economy Negotiator Thruster

---

### DESCRIPTION:

The Econo Negotiator Thruster Nozzle (ENT6R) was designed around price. You get a quality thrusting nozzle made in Australia by Mustang Nozzles for clearing blocked drains quickly at an affordable price. The rounded nose will negotiate traps and gullys. This nozzle has 6 rear thrusting jets and no front jet. It features a built-in rear quick connect tail and no cone that helps reduce the overall nozzle length and width.

Shown with a Quick Release Coupler (Not Included)
