## High pressure inline filter Quick connect nozzles Suttner ST-601 Spray gun

**Under Carriage Cleaner** is the simple solution to keeping the underside of your vehicle clean. Free your vehicle of dirt, grease, grime and salt. Will work with most pressure washers rated between 2000 to 4000 psi. The undercarriage cleaner comes with an inline filter, trigger gun and a high / low pressure valve which allows injection of detergent, degreaser and salt neutralizer. An inline chemical injector is needed to use the injection feature. Nozzle extensions available for vehicles with increased ground clearance.

### Features:

- Ergonomic. long reach design
- Quick connect fittings (quick and easy transport)
- High/low pressure valve
- High pressure inline filter
- Quick connect nozzles (extended reach extensions available)
- Suttner ST-601 Spray gun
- Heavy duty roller wheels
- Added the components necessary to allow injection of chemicals and salt neutralizer.
